Trippin Out Takes Top Trophy!!!

Trippin Out came into this season's playoffs on Saturday night knowing that the fight for first would be a hard road to travel. After winning on Saturday night against Hill Gang, they moved into Sunday morning's match with eyes toward the prize. The bracket put them facing a couple of good teams in order to succeed. With a few hours

passed, they moved into the top 4 having to play Seein Double in order to get to the final match. A brilliant set of games and wired darts led Trippin Out in winning the last few matches and taking the game. Moving on to the finals, they faced the Bad Boys who have been on a winning playoff streak, but still determined to take them down. After the 2nd cricket

game, the score was tied 5-5, looking very promising. In a tough Cricket game, they took the final cricket and moved on to 601. With only 1 game to win in order to take the cup, they were forced to play a second 601 game, to which Cody Gay threw the winning dart to their victory. These darters threw amazing and we salute you as champs!

2014 Board pushes forward into the future!

This season marked the change for a board decision in order to move the league forward into the future with the use of technology in order to update each week's stats. The use of E-mail sheet turn in using a

smartphone was approved during the week 8 of play and implemented immediately. For the start of the Fall 2014 season, we are hopefully looking to see more people motivated and sending us weekly sheets through

E-mail. Our post office can still be used if you choose to turn your sheet in this way, but now you have the option to do either. Also, approval to purchase a hard drive for our secretary to keep records on was approved.

Vice President's Corner

I would like to say Thanks to all my division representatives for the last two seasons. We have had a great turnout at our Board meetings for the past winter and summer season and have accomplished a lot of needed updates and changes to our By-Laws and Policies and Procedures. The goal is to bring them up to date.

It has been my pleasure serving as your Vice President and I will continue to keep the league's interest and well being as my main goal.

Good Luck and Shoot Well!

Winter and Summer Season Report for R&G

Glenn Jenkins Acting Chariman

Report of Grievances and Protests:

This season has been an active season for the R&G Committee. The committee has had two winter season grievances, and one summer season grievance. The have consisted of an illegal player, protest on a match date, physical violence, bad conduct, and unlike sportsmanship. The purpose of writing this article is to hopefully bring to everyone's attention how these events can or has effected all members. We all love playing darts and want to go out on a Tuesday night league play to have fun. These violations are departmental to our league and the sport. Hopefully next season we will keep in mind what our actions can do to our team members, sponsors, and league. This is our league. Let us keep it safe and a fun place to be. Have a great Fall Season and shoot well!
